

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/fomm-21-52">https://dx.doi.org/10.21037/fomm-21-52</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	Those needed to aid in breast lift research. Provided that all authors consider that it is beneficial for the scientific community
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Yes. All authors must agree to provide the information
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Dentists and surgeons interested in this study
8	For what type of analysis or purpose?	Study of the sinus lift technique
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: david.penarrocha@uv.es
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
