

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/fomm-21-76	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes. We can share the data after the corresponding author agree.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The information we collected of AWS patients and the duration of related complications.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Engaged in head and neck tumor surgeons or drug-related researchers.
8	For what type of analysis or purpose?	For comparison between DEX and lorazepam.
9	How or where can the data/documents be obtained?	From the corresponding author.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
