

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/fomm-22-1	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	Anonymised data from patient interviews and Healthcare Professionals focus groups can be shared if requested.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The research protocol, Participant Information Sheets, informed consent forms and topic guides will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date to ensure data is still relevant for analysis.
7	To whom will you share the data?	Any healthcare professionals involved in research.
8	For what type of analysis or purpose?	For further analysis of patient/HCP views on online resource design.
9	How or where can the data/documents be obtained?	Emails can be sent to the address below to obtain the shared data: Cherith.Semple@setrust.hscni.net
10	Any other restrictions?	The potential benefits and risks for each request will be assessed before providing data that can be shared.
