

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/ajo-21-1	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Data will be shared on request, at discretion of the authors. A multicentre, national trial using laryngeal botox injection is planned and we would prefer that data is shared with collaborating centres until this trial is carried out.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Deidentified data with pre and post botox injection questionnaire scores.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	As above.
6	When will data availability end?	15 years from the publishing date.
7	To whom will you share the data?	As above.
8	For what type of analysis or purpose?	For meta-analysis of studies on this topic.
9	How or where can the data/documents be obtained?	Contacting the first author listed
10	Any other restrictions?	-
