

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/ajo-22-23">https://dx.doi.org/10.21037/ajo-22-23</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All data is permanently de-identified. Demographic / ethnicity data (could be used for further research into the overrepresentation of Pasifika). Detailed treatment data (useful in future study post introduction of revised protocol).
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No
5	When will data availability begin?	Upon publication
6	When will data availability end?	12 months. This was agreed upon during ethical approval process.
7	To whom will you share the data?	Infectious disease physicians, Otolaryngologists, Māori and Pasifika health departments.
8	For what type of analysis or purpose?	Further review of treatment outcomes for SBO.
9	How or where can the data/documents be obtained?	Via corresponding author: henrymanuel@me.com
10	Any other restrictions?	Ethical approval should be sought prior to the sharing of this data if it is to be used in further research / publication.
