

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/ajo-23-17	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Search strategy, PRISMA checklist
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From publication date
6	When will data availability end?	3 years from publication date. After 3 years, the findings of our study might become less relevant due to new research or advancements in the field.
7	To whom will you share the data?	ENT surgeons interested in understanding Ecchordosis Physaliphora
8	For what type of analysis or purpose?	To enable further searches and investigation into the clinical presentation, radiological and histopathological features, management approaches, and outcomes associated with this condition.
9	How or where can the data/documents be obtained?	Readers can send requests via email: Pei.toh@health.wa.gov.au
10	Any other restrictions?	We will balance the potential benefits and risks for each request and then provide the data that could be shared.
