

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/ajo-23-44	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No; not routinely, but available upon request.
2	If not, would you like to share the reason for your decision?	Such data is of minimal value without relevant analysis, and may overwhelm readers unless they are specifically interested in reviewing it.
3	What data in particular will be shared?	All de-identified patient data will be shared upon direct request to the corresponding author.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	De-identified spreadsheet containing study data and Prism calculations/statistical analysis will be shared upon direct request.
5	When will data availability begin?	Immediately upon publication.
6	When will data availability end?	No end date.
7	To whom will you share the data?	To any interested party who directly contacts the corresponding author for said data.
8	For what type of analysis or purpose?	Any purpose.
9	How or where can the data/documents be obtained?	By emailing the corresponding author directly.
10	Any other restrictions?	No
