

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/ajo-23-24	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Only the data and equations for calculating the raw score so others may replicate it, other than that the individual participant data will not be shared. The ORL Surgeon community is a small one in NZ, sharing of the raw data which includes demographic data etc makes it much more likely for them to be identified.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the date the study is published
6	When will data availability end?	5 years since publication date.
7	To whom will you share the data?	Any researchers conducting similar research.
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	Emails can be sent to Cheerag.pat@gmail.com requesting the data
10	Any other restrictions?	-
