

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tgh-23-29	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The original data used in this study are publicly available through the SEER programme.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis protocol can be shared upon requests.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One years within the publication date, since the technique or survival date may be updated annually.
7	To whom will you share the data?	Investigators with interests in cancer outcomes research
8	For what type of analysis or purpose?	For analysis to evaluate the risk of second cancer in patients with esophageal squamous cell carcinoma and adenocarcinoma.
9	How or where can the data/documents be obtained?	Emails could be sent to the author below for data sharing: sushowing@outlook.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
