

Annual Report of CDT (2022)

Editorial Office

editor@thecdt.org

Outline of the Report

- 1. Basic Information
- 2. Message from the Editor-in-Chief
- 3. Distribution of Editorial Board Members
- 4. Number of Submitted Articles and Published Articles (results by year)
- 5. Types of Articles Published in 2022
- 6. International Diversity of Corresponding Authors in 2022
- 7. Citations of CDT (results by year)
- 8. Page Views of the Website (2022)
- 9. Website Visits in 2022
- 10. Most Cited Articles Published between 2020-2022
- 11. Upcoming Special Series
- 12. Special Column in CDT: Interviews with Outstanding Authors & Art and Medicine
- 13. Introduction to the Publisher AME

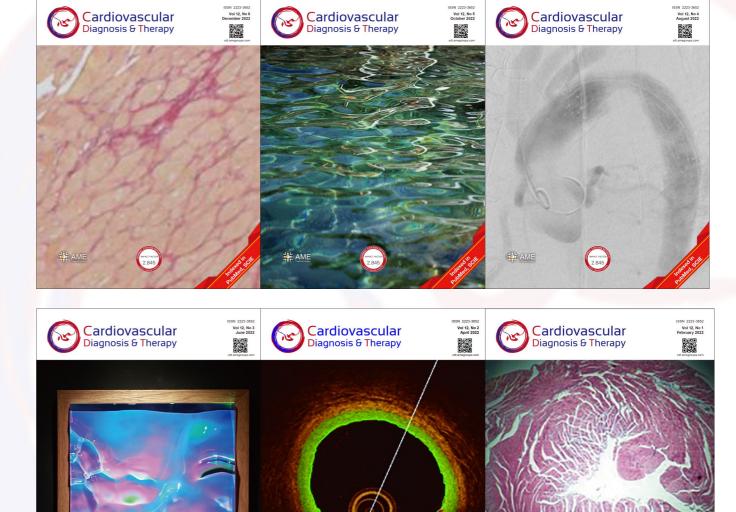

1. Basic Information

Open-access
Peer-reviewed
Bi-monthly Publication
Launched in December 2011
Indexed in PubMed/PMC in 2013
Indexed in Scopus in 2016
Indexed in SCIE in 2019
Latest Impact Factor (2021): 2.552

The journal describes novel findings in cardiovascular diagnosis and therapy and provides current and practical information on diagnosis, prevention and clinical investigations.

2. Message from the Editor-in-Chief

CDT has been accepted for coverage in the SCIE index since 2019. In 2022 our impact factor is **2.552**. We continue to develop the journal to become a respected source of information worldwide. On behalf of the editorial team, we would like to express our sincere appreciation for the enthusiastic support and valuable contribution from all editorial board members, guest editors, authors, reviewers and readers. We wish that in 2023 the COVID pandemic will be better controlled globally and hope that the overburdened medical community will find relief.

Paul Schoenhagen, MD

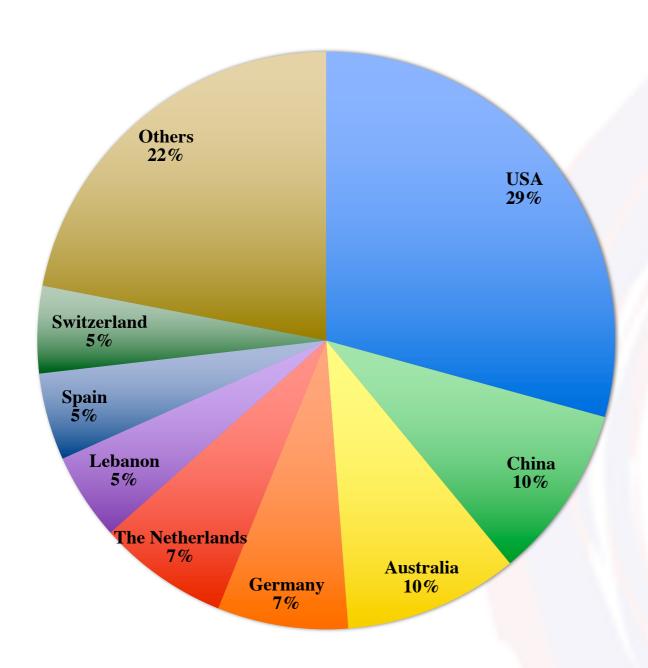

Editor-in-Chief of CDT

Cleveland Clinic, Ohio, USA

Clinic of Cardiology, University Clinic Hamburg-Eppendorf, Hamburg, Germany

Koichiro Niwa, MD, PhD, FACC, FAHA, FJCC

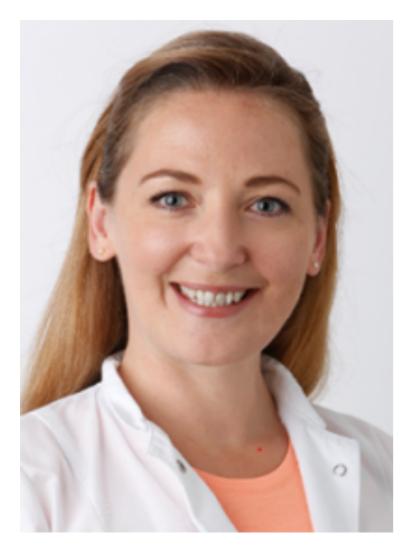

Cardiovascular Center, St Luke's International Hospital, Japan

12. Special Column in CDT

Interviews with Outstanding Authors

Julia Remmele, MSc

Over the years, many CDT authors have made outstanding contributions to the journal. This column features interviews with our outstanding authors, who will share their unique thoughts and insights as scientific writers.

In 2022, CDT interviewed **Ms. Julia Remmele**, her CDT article was awarded the 2nd place in the science prize of the Kurt and Erika Palm Foundation 2022. The interview could be found at:

https://cdt.amegroups.com/post/category/int erviews-with-outstanding-authors

Department of Congenital Heart Disease and Paediatric Cardiology, German Heart Centre of Munich, Germany

12. Special Column in CDT

Art and Medicine

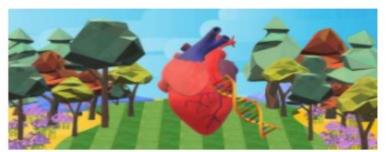

"Art and Medicine" column, where artists submit their art works related to medicine, together with a short text telling the story of the work. Some of these art works are used as cover images.

All previous published articles could be found at:
