

Outline of the Report

- 1. Basic Information
- 2. Message from Editors-in-Chief
- 3. Geographic Distribution of Editorial Board Members
- 4. Diverse Types of Articles Published in 2022
- 5. International Diversity of Corresponding Authors in 2022
- 6. Website Visit in 2022
- 7. Most Read Articles Published in 2022
- 8. Special Columns
- 9. AME Publishing Company

1. Basic Information

- Launched in April 2016
- ISSN 2518-6973
- Indexed by Emerging Sources Citation Index (ESCI) since 2018 (the first IF will be released in 2023) and Scopus
- Open Access & Peer Review & Electronic Journal
- A member of the Surgery Journal Editors Group (SJEG)

Scope

- Vivid and various way of presentation of surgical techniques and research (large numbers of color illustrations, pictures, videos, etc)
- Covering various aspects in the Laparoscopic and Endoscopic Surgery

Annals of Laparoscopic and Endoscopic Surgery

2. Message from Editors-in-Chief

On behalf of the Editorial Team, we would like to express sincere appreciation for the enthusiastic and vigorous support and contributions from all editorial board members, guest editors, authors, reviewers and readers!

Minhua Zheng, MD, PhD

Department of General Surgery, Ruijin Hospital, Shanghai Jiao Tong University School of Medicine, Shanghai Minimal Invasive Surgery Center, Shanghai, China

Abe Fingerhut, MD, FACS (hon), FRCPS (g), FRCS (Ed) (hon), FASCRS (hon)

Section for Surgical Research, Department of Surgery, Medical University of Graz, Austria; Department of General Surgery, Ruijin Hospital, Shanghai Jiao Tong University School of Medicine, Shanghai Minimally Invasive Surgery Center, Shanghai, China

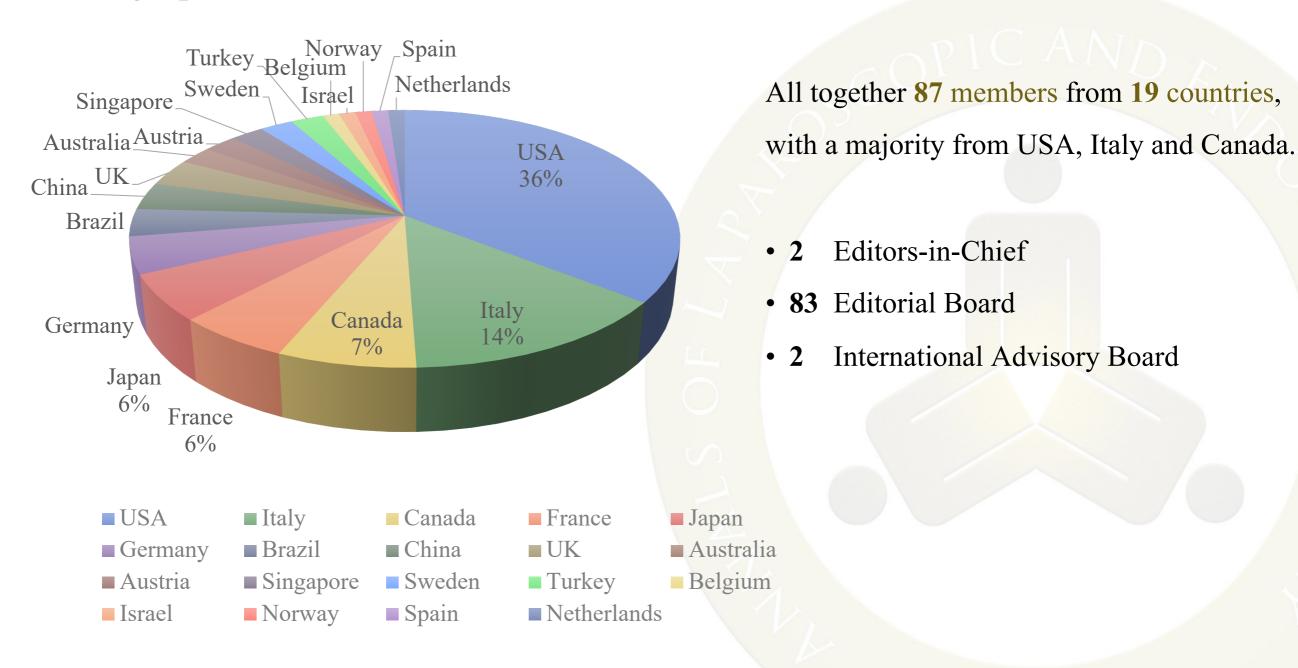

AME Publishing Company

ANNALS OF LAPAROSCOPIC AND ENDOSCOPIC SURGERY

3. Geographic Distribution of Editorial Board Members

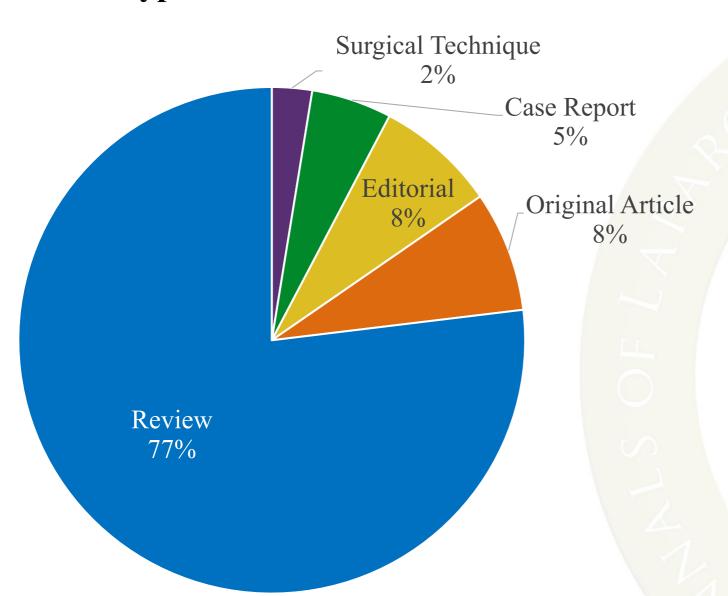

Updated on Dec. 31, 2022

4. Diverse Types of Articles Published in 2022

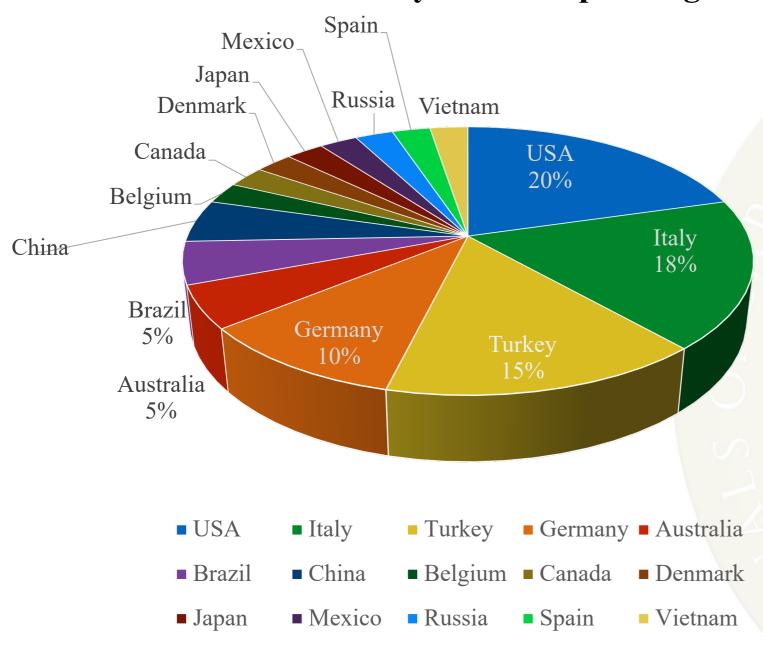

In 2022, ALES published 39 articles, with 30 Review, 3 Original Article, 3 Editorial, 2 Case Report, and 1 Surgical Technique.

5. International Diversity of Corresponding Authors in 2022

Corresponding authors of 39 articles published in 2022 came from 15 countries, with mostly from USA, Italy, Turkey and Germany.

Updated on Dec. 31, 2022

6.1 Website Visit in 2022 - Pageviews

A total of 477,986 pageviews in 2022.

Note: Data collected from Google Analytics on Dec. 31, 2022.

6.2 Website Visit in 2022 - Number of Visitors

Country	Users 🗸 🗸	Users	Contribution to total: Users

8.1 Special Columns - Interviews with Outstanding Authors (2022)

In 2022, many ALES authors made outstanding contributions to our journal. Their articles have received very well feedback in the field and stimulate a lot of discussions and new insights among the peers. With this column, we would like to highlight some of our outstanding authors who have been making immense efforts in their research fields, with a brief interview of their unique perspective and insightful view as authors.

Outstanding authors

Servet Karagul, BHT Tema Clinic, Turkey

Yusuf Murat Bag, Health Science University Van Training and Research Hospital, Turkey

Akile Zengin, Malatya Training and Research Hospital, Turkey

Ruben Rajan, Royal Perth Hospital, Australia

Gian Luca Baiocchi & Ilaria Benzoni, ASST Cremona, Italy

Ludovica Baldari, Policlinico of Milan, Italy

Giovanni Battista Levi Sandri, Sant'Eugenio Hospital, Italy

Ngoc Dan Nguyen, Hanoi Medical University, Vietnam

8.3 Special Columns - ALES Chinese Edition

The ALES Chinese edition is a Chinese-language column that addresses the growing need for trusted medical information in China. The initiative of the ALES Chinese edition aims to raise awareness of medical advances among clinicians through translated content, enhancing the links between Chinese scientists and the international medical community. It delivers the quality clinical and scientific content to the Chinese medical and clinical research community.

摘要:胃肠道内镜切除术改变了多种癌前病变的疾病管理方式。最近,胃肠道内镜切除术适应证已经扩大至一些早期癌症。内镜切除术包含黏膜下注射及黏膜下层剥离两步,通常分为内镜下黏膜切除术(endoscopic mucosal resection,EMR)和内镜黏膜下层剥离术 endoscopic submucosal dissection,ESD)。EMR属于息肉切除术的自然延伸,通过黏膜下注射,切除病变后平整的创面。ESD技术难度较高,内镜钻探至黏膜下层后能够对早期恶性肿瘤实施治愈性整体切除。本综述将对现有胃肠道病理学证据、合理的术前评估、术前准备及术中操作技术等进行全面阐述。

关键词:内镜黏膜下层剥离术 (ESD);内镜下黏膜切除术(EMR)

8.4.1 Special Columns - Special Series Published in 2022

Topic: The Pelvic Floor and Anorectal Disorders

Lucia Oliveira, MD, PhD, FASCRS

Department of Anorectal Physiology, Policlínica Geral do Rio de Janeiro, Rio de Janeiro, Brazil

Steven D. Wexner, MD, PhD

Department of Colorectal Surgery, Digestive Disease Institute, Cleveland Clinic Florida, Weston,

FL, USA

Sarah A. Vogler, MD, MBA

Department of Colorectal Surgery, Digestive Disease Institute, Cleveland ClCleveland Clinic Florida, Stuart, FL, USA

8.4.2 Special Columns - Special Series Published in 2022

Topic: Minimally Invasive Surgery and Gastric Cancer: Where Are We Now?

Stefano Rausei, MD, PhD

Department of Surgery, ASST Valle
Olona, Gallarate, Varese, Italy

Simone Giacopuzzi

General and Upper G.I. Surgery Division,

University of Verona, Verona, Italy

Annals of Laparoscopic and Endoscopic Surgery

8.4.3 Special Columns - Special Series Published in 2022

Topic: Immunologic Implications of Minimal Invasive Surgery

Philipp Lingohr, MD, FEBS

Department of Surgery,

University Hospital Bonn, Bonn,

Germany

Jonas Dohmen

Department of Surgery,

University Hospital Bonn, Bonn,

Germany

8.5.1 Special Columns - Ongoing Special Series

Topic: Natural Orifice Specimen Extraction in Colorectal Surgery

Cuneyt Kayaalp, MD

Department of Gastrointestinal Surgery, Yeditepoe University, Istanbul, Turkey

Annals of Laparoscopic and Endoscopic Surgery

8.5.2 Special Columns - Ongoing Special Series

Topic: Minimally Invasive Metabolic and Bariatric Surgery

Maria S Altieri, MD

Department of Surgery, Eastern Carolina University, Greenville, NC, USA

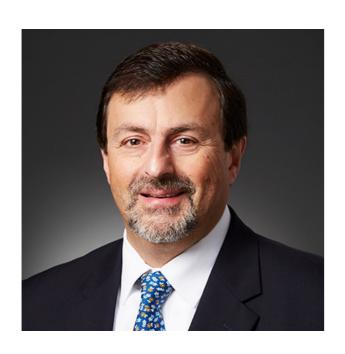

8.5.3 Special Columns - Ongoing Special Series

Topic: Minimally Invasive Colorectal Surgery

Alessandro Fichera, MD, FACS, FASCRS

Division Chief Colorectal Surgery, Department of Surgery Baylor University Medical Center, Dallas, TX, USA

8.5.4 Special Columns - Ongoing Special Series

Topic: A U. S. Perspective on Endoscopic Resection of Neoplastic Lesions of

the Gastrointestinal Tract

Terry Jue, MD, FASGE

Division of Gastroenterology and Hepatology, Mayo Clinic Arizona, AZ, USA

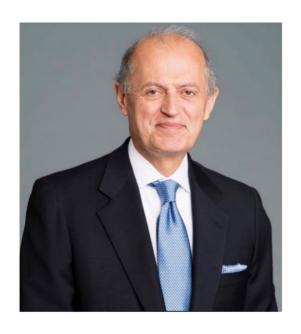

8.5.5 Special Columns - Ongoing Special Series

Topic: Latest MIS Approaches and Data

George S. Ferzli, MD, FACS

Department of Surgery, NYU Langone, New York, NY, USA

Annals of Laparoscopic and Endoscopic Surgery
