## 11. ONGOING SPECIAL SERIES

### ➤ **UCLA Case Studies**

Guest Editors: Grant Chu and Ka-Kit Hui, UCLA Center for East-West Medicine, USA.

Publication Plan: 1 case report every 3 months.

“UCLA Case Studies” is a featured series that publishes the cases from UCLA Center for East-West Medicine focusing on the integration of Chinese and Western medicine.

### ➤ **Different Distribution of Traditional Chinese Medicine Body Constitution Across Population, Mechanism and Implications**

Guest Editor: Qi Dai, Vanderbilt University Medical Center, USA.

In this series, we propose to invite original articles, review and systematic review to further understand the mechanism and implications for these important research findings, particularly for the development of novel prevention and treatment strategies of common chronic diseases in both US and Chinese populations.

### ➤ **Visualized Chinese Medicine**

“Visualized Chinese Medicine” is a featured series that publishes narrated videos as a detailed “how to” multimedia manual for Chinese Medicine procedures. Content will focus on acupuncture, moxibustion, Tuina, cupping therapy and other related treatment skills.

## 12. INTRODUCTION OF LONGHUA HOSPITAL

Founded in July 1960, Longhua Hospital affiliated to Shanghai University of Traditional Chinese Medicine is one of the four earliest built TCM clinical centers in China. Over 50 years, Longhua Hospital has been dedicated to the development of TCM and is known as nationwide for outstanding patient care provided by its physicians and staff.

With the distinguishing feature and prominent advantage of TCM, Longhua Hospital serves as a famous TCM center that combines health care, education, and scientific research. It is regarded as an exemplary national model TCM hospital and is categorized as Shanghai grade III level A hospital. For more information, please visit the official website of the hospital: [http://www.longhua.net/Portal/Pages/LH\\_English](http://www.longhua.net/Portal/Pages/LH_English)
