**Table S1** Corresponding SEER code of surgery

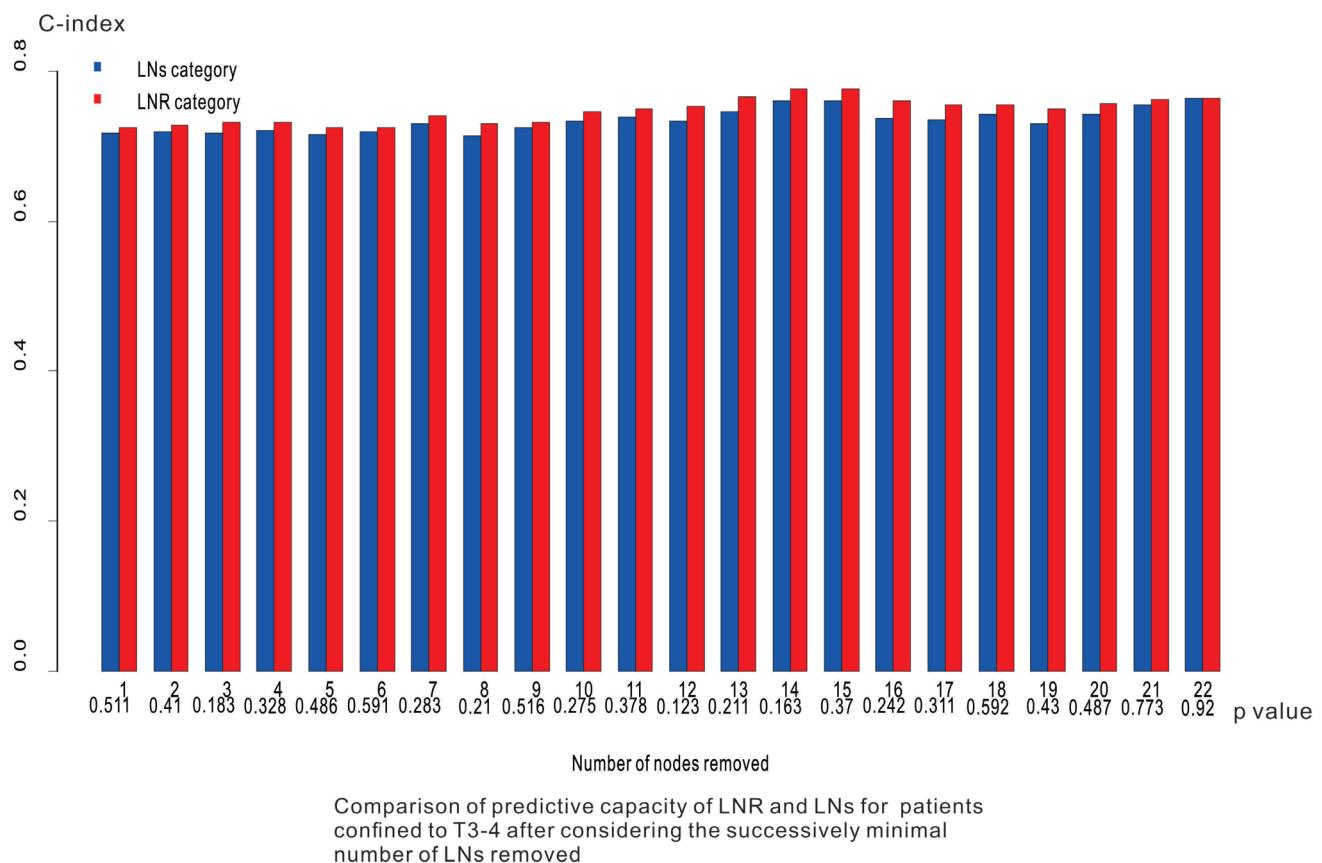

SEER site specific surgery code	Colon	Surgical definition
1988–1997		
0–9	No surgical procedure; incisional, needle, or aspiration biopsy; exploratory only or bypass surgery; non-cancer directed surgery, NOS; unknown if surgery done	No cancer-directed surgery/unknown
10	Local cancer destruction without pathology specimen	Local excision
20	Local surgical excision with pathology specimen	Local excision
30	Partial or subtotal colectomy	Radical resection
40	Hemicolectomy or greater; right/left colectomy	Radical resection
50	Total colectomy	Radical resection
60	Colectomy, NOS	Radical resection
70	Colectomy plus partial or total removal of other organs	Radical resection
80	Surgery of regional and/or distant site(s)/node(s) only	Unknown
90	Surgery, NOS	Unknown
1998–2011		
0	None; no cancer-directed surgery of primary site	No cancer-directed surgery
10–14	Local tumor destruction, NOS (without pathology specimen)	Local excision
20–27	Local tumor excision, NOS (with pathology specimen)	Local excision
30–31	Partial colectomy	Radical resection
40	Hemicolectomy or greater; right or left colectomy	Radical resection
50	Total colectomy	Radical resection
60	Total proctocolectomy	Radical resection
70	Colectomy or coloproctectomy WITH an en bloc resection of other organs; pelvic exenteration	Radical resection
80	Colectomy, NOS	Radical resection
90	Surgery, NOS	Unknown
99	Unknown if cancer-directed surgery performed; death certificate only	Unknown
