

Figure S1 Kaplan-Meier curves of overall survival for HCC. (A) Age, (B) sex, (C) race/ethnicity, (D) T stage, (E) N stage, and (F) M stage. OS, overall survival; HCC, hepatocellular carcinoma.

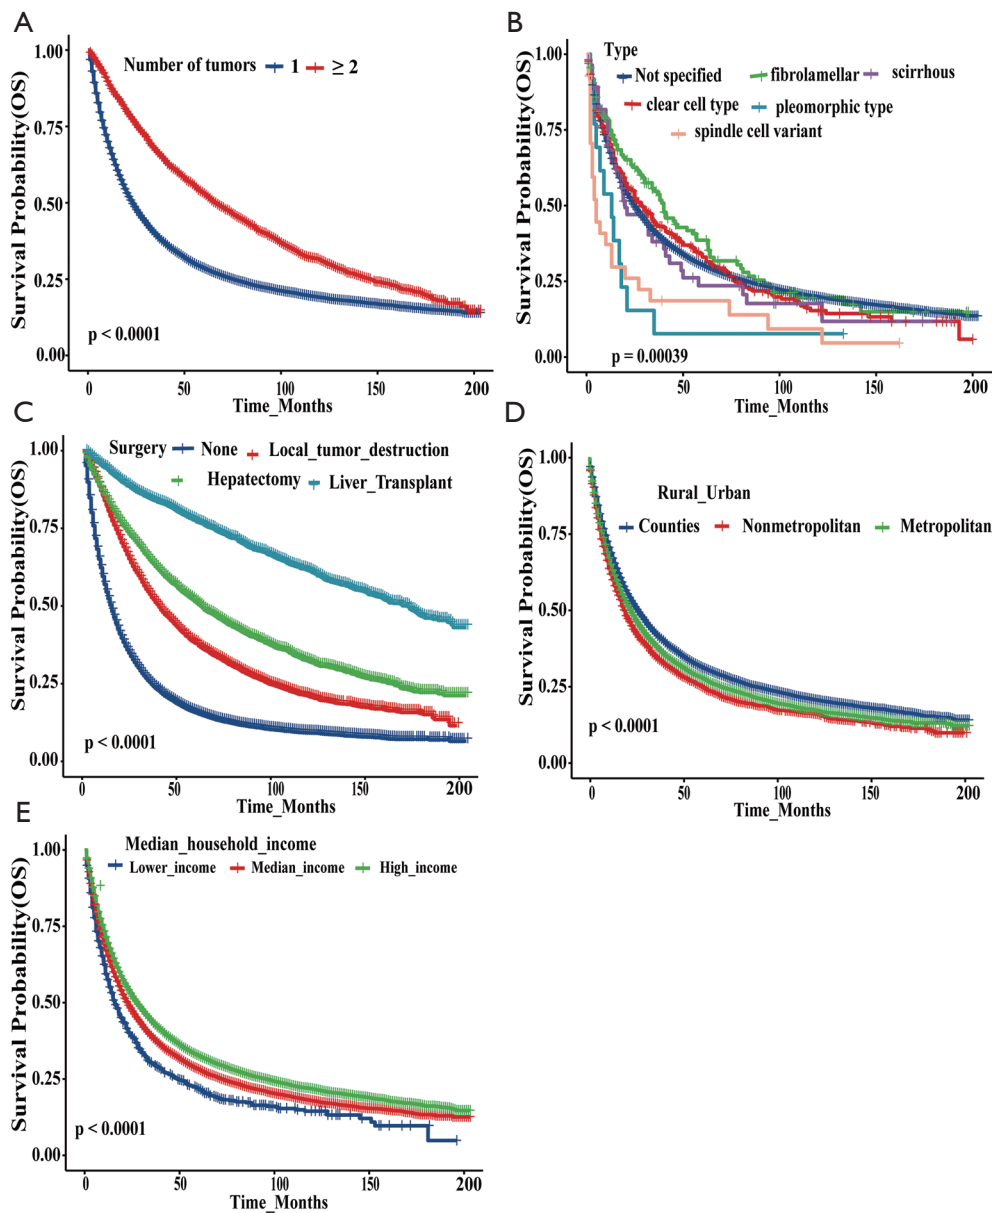

Figure S2 Kaplan-Meier curves of overall survival for HCC. (A) Number of tumors, (B) type of pathology, (C) surgery, (D) rural urban, (E) median household income. OS, overall survival; HCC, hepatocellular carcinoma.

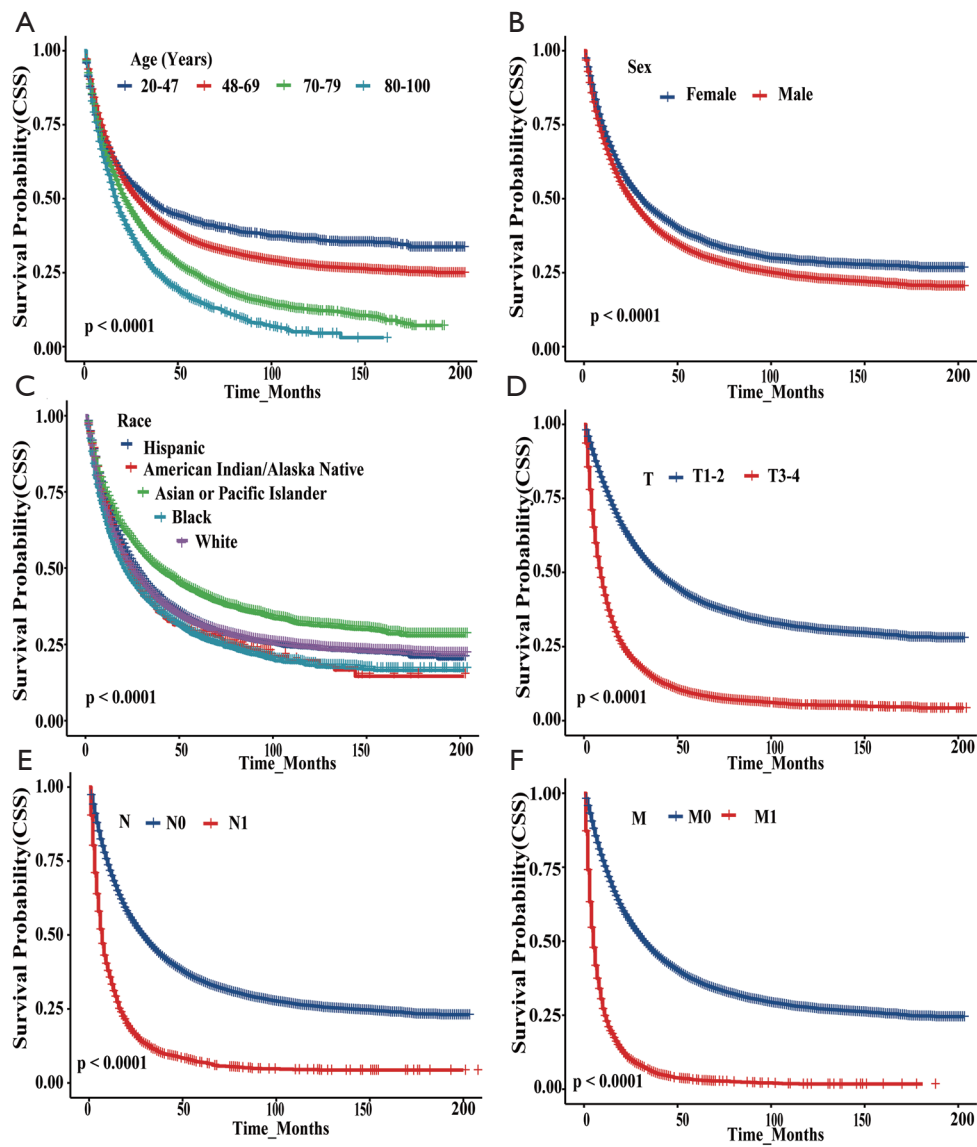

Figure S3 Kaplan-Meier curves of cancer-specific survival for HCC. (A) Age, (B) sex, (C) race/ethnicity, (D) T stage, (E) N stage, and (F) M stage. CSS, cancer-specific survival; HCC, hepatocellular carcinoma.

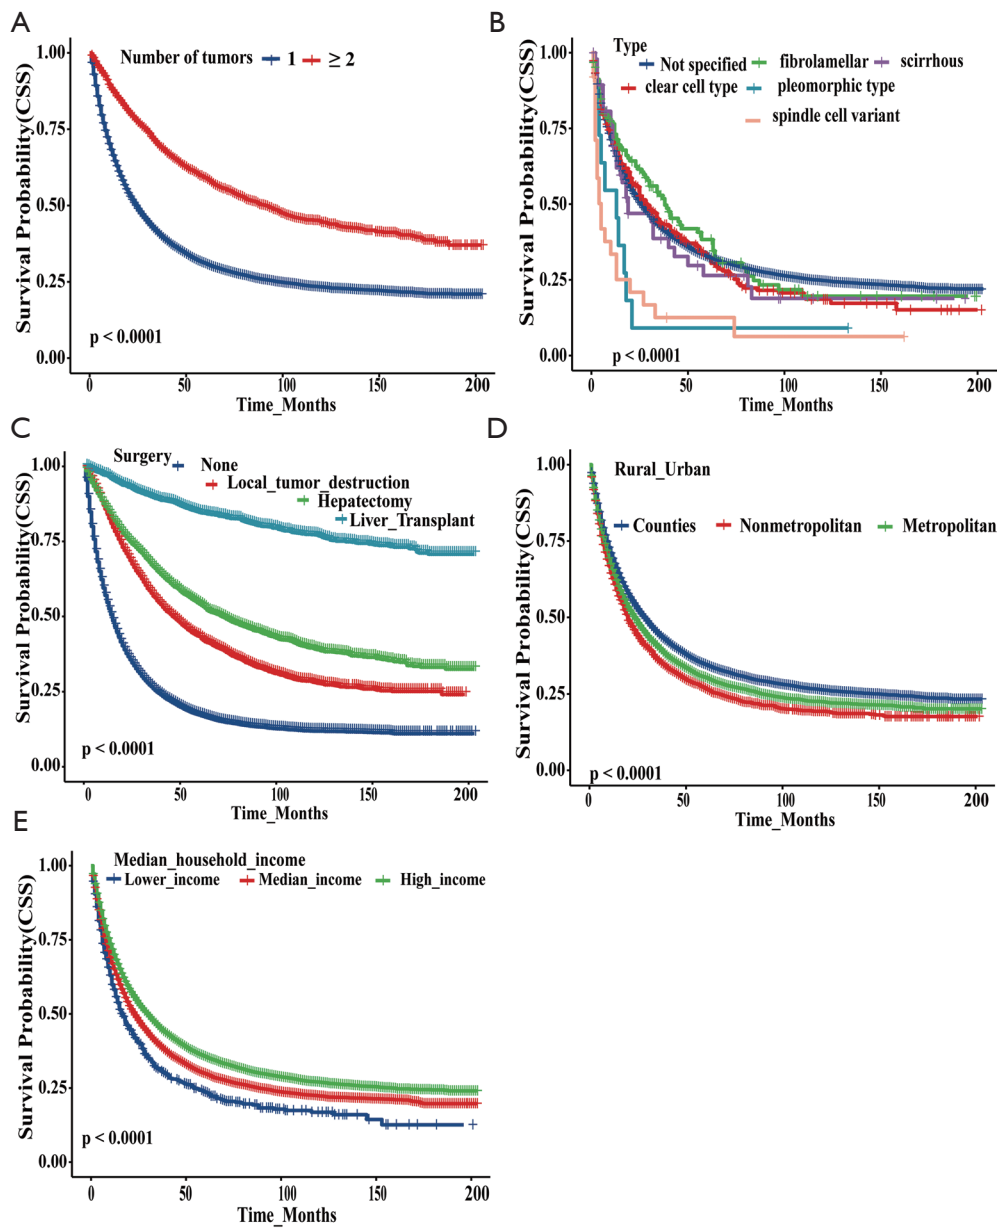

Figure S4 Kaplan-Meier curves of cancer special survival for HCC. (A) Number of tumours, (B) type of pathology, (C) surgery, (D) rural urban, (E) median household income. CSS, cancer-specific survival; HCC, hepatocellular carcinoma.
