

Figure S1 Survival analysis for different BRCA subtypes. (A-D) Survival probability between low-risk and high-risk in HER2⁺ (A), TNBC (B), luminal A (C), and luminal B (D) patients based on the TCGA-BRCA cohort. L means low risk, and H means high risk. BRCA, breast cancer; TCGA, The Cancer Genome Atlas; HER2, human epidermal growth factor receptor 2; TNBC, triple-negative breast cancer; HR, hazard ratio; CI, confidence interval.
